

Camp Packing Tips

1. Label all clothing and personal items!
2. Pack so everything fits in no more than 3 pieces of luggage (i.e. suitcase, sleeping bag, daypack). Tag each item with your camper's full name.
3. Use an old suitcase or duffel bag. Do not use plastic or paper bags. Do not send luggage too big for the girls to handle.
4. Attach this list to the inside of the suitcase as a reminder of what should be there at departure time.
5. Bring old clothing. Be comfortable, not dressy.
6. Bring toiletry items in plastic containers with tightly fitting lids. Highly scented products attract insects, so bring un-scented products.
7. Make sure the insect repellent you choose will repel both mosquitoes and ticks. Bring stick, lotion, or pump products only.
8. No cell phones, radios, CD players, MP3 players, DSI's, etc. are permitted.
9. Please do not send aerosol products. They create a chemical reaction, which destroys the waterproofing on the tents.
10. Pre-address and stamp envelopes for younger to write home.
