

Girl Scout Environmental Stewardship Badge

One Way to Earn the Environmental Stewardship Badges as a Multi-Level Troop	What Daisies Do (Eco Learner Badge)	What Brownies Do (Eco Friend Badge)	What Juniors Do (Eco Camper Badge)	What Cadettes Do (Eco Trekker Badge)	What Seniors Do (Eco Explorer Badge)	What Ambassadors Do (Eco Advocate Badge)
Talk about ways to be friendly to others when you are out for a hike, or playing in your back yard with friends. Learn what LNT means and how you can protect nature when you are outdoors. Then find a local environmental advocate to talk to and learn what they do to help the environment. You could contact your local parks department or nature center.	Be prepared to protect nature before you go outdoors	Think of ways to help the outdoors	Learn the Leave No Trace Seven Principles	Learn how to make minimal impact on a trek	Meet an eco-explorer	Learn what eco advocates do
Research different types of invasive plants, aquatic life, and other species in our area. Find out how you can help prevent invasive species from being introduced into the area. Next, find a space outdoors that you want to check out and create a snack for your adventure!	Keep Living things safe when you walk in nature	Observe outdoor spaces	Plan meals with the environment in mind	Plan an eco-trek with a purpose	Explore biodiversity	Find an issue you're passionate about

Girl Scout Environmental Stewardship Badge

Make your own trail mix combining a variety of items you have at home. Nuts, banana chips, pretzels, dried berries, granola, raisins, and more!						
Set up a campsite at your home, park, or local campsite. Find a flat area to set up a sleeping area. Collect water from outside and purify the water by first running it threw a coffee filter or a clean t-shirt, and then boil it to kill bacteria for at least 60 seconds.	Learn how to protect nature from trash	Build a safe campfire	Prepare a minimal impact campsite	Practice an eco-skill while on your trek	Investigate a global ecosystem issue	Come up with a solution
Research water issues in the world and brainstorm solutions, then come up with ideas to make changes in your own town! Then, Test your knot-tying skills. Look up different types of knots and try them out!		Take care of wildlife	Have fun with Leave No Trace	Make a difference on your eco trek	Plan a trip to explore and work on an issue	Advocate for your issue
Create a video, collage, or poster about an issue in the environment that you would like to change!		Practice being kind	Take a conservation hike	Make a difference after your eco trek	Share what you learned	Teach others how to advocate for your cause
