

4 Corners Game-

Print the picture cards and info cards. Tape the info cards to the correct pictures.

To play the game, you can do it two ways. Pick 4 of the cookie cards and tape them picture side out to the 4 corners of the room. Or you can use all the cookie picture cards and just tape them around the room. Just make sure they are in a space that girls can gather around that card.

One person (can be an adult or a girl) will be the Cookie Queen. Girls will have 5-10 seconds to go to one of the cookie pictures. The cookie queen will shuffle the name cards face down and select one. She will read off that cookie name. Any girls at that cookie are out and will sit down. Play continues until there is only one girl left. She is now the new cookie queen. This can be played with adult/family members too.

These cards are a great way to go over the cookies.
