

Parents/Guardians can now grant annual permission for all approved Girl Scout activities through the membership year excluding Overnights (1 or more nights), Council-Sponsored Events, Camps, Cookie Program, and/or Sensitive Issues.

Notice: COVID-19 is an extremely contagious virus that spreads easily through person-to-person contact. As with any social activity, participation in Girl Scouts could present the risk of contracting COVID-19. While GSSI takes every safety and preventative precaution, GSSI can in no way warrant that COVID-19 infection will not occur through participation in Girl Scout programs.

Sensitive Issues Permission Form

Some activities that are relevant to the troop and its needs may focus on subjects that could be considered sensitive in nature. Before covering any sensitive issue, either within or beyond the scope of the Girl Scout program resources, the troop adult volunteer must obtain council approval. Please contact your designated Council Support Staff or email support@girlscouts-gssi.org with the details of your activity for initial approval. Parents/Guardians should also be aware of the program content before it is presented to the girls. Therefore, written approval by a parent/guardian is required for each girl to participate in any sensitive issue program or activity. GSSI's *Sensitive Issues Permission Form* is located on the website at www.girlscouts-gssi.org under the Resources tab.

Cookie Program Permission Form

Girl Scouts of Southwest Indiana's **Cookie Program Permission Form** must be completed by any girl member who plans to participate in the yearly Girl Scout Cookie Program. Ask parents/guardians to sign at the start of each membership year and turn it into the council office (GSSI, 5000 E. Virginia Street, Suite 2, Evansville, IN 47715) before December 1. Girls may NOT participate in the cookie program without a Cookie Program Permission form on file.

This information and electronic form will be included in the event marketing with specific instructions. GSSI will keep these electronic permission forms on file at the council office for the designated time.

Note: If the troop attends together as a group, instead of going as individual families, the lead volunteer will need to ensure each girl has a completed event permission form on file with GSSI and bring the following since she/he is acting as the chaperone of the troop/group at the event:

- Annual Permission
- Medication Administration and Emergency Treatment Release, if applicable
- Vehicle Information Forms
- Activity Roster (copy with you and one off-site for emergencies)
- Emergency Action Plan (*found in Safety Activity Checkpoints*)
- Emergency Card and What To Do If There's an Incident
- Incident Reports (Record any incidents during event and turn into council office)

Camp (Day and Resident Camp) Permission Form

Each Girl Scout Day Camp will provide its own area-specific permission form based on its activities and risk management needs. Permission information will be included in each day camp's marketing and registration process.

GSSI Resident Camp at Camp Koch will provide an electronic permission form and waiver. This information and electronic form will be included in the camp marketing with specific instructions. GSSI will keep these electronic permission forms on file at the council office for the designated time.
